

Outcomes Framework Template

Outcome statement	Indicators	Data source	Timing
Ultimate outcome			
What is this project or program ultimately seeking to achieve?	What qualitative or quantitative data will demonstrate that this outcome has been achieved?	Where will this data be found?	When will the data be available?
Long-term outcomes (specify timeframe)			
What outcomes would you expect to see after this period of time?	What qualitative or quantitative data will demonstrate that this outcome has been achieved?	Where will this data be found?	When will the data be available?
What other outcomes might you expect to see? (add in as many as are desired)			
Medium-term outcomes (specify timeframe)			
What outcomes would you expect to see after this period of time?	What qualitative or quantitative data will demonstrate that this outcome has been achieved?	Where will this data be found?	When will the data be available?
What other outcomes might you expect to see? (add in as many as are desired)			
Short-term outcomes (specify timeframe)			
What outcomes would you expect to see after this period of time?	What qualitative or quantitative data will demonstrate that this outcome has been achieved?	Where will this data be found?	When will the data be available?
What other outcomes might you expect to see? (add in as many as are desired)
